

HANDS ON LASER CERTIFICATION COURSE FOR DENTAL HYGIENISTS

Infinite Hygiene Consulting's Trina Poulsen, RDH, BSDH and Santiago Valdez, RDH are joining Angie Wallace, RDH for a 2-day workshop for Dental Hygienists to learn the foundational elements of laser usage.

Instructor: Angie Wallace, RDH has been a clinical hygienist using lasers for almost 30 years. As an Educator for Academy of Laser Dentistry, she is also the Education Chair and Regulatory Affairs Chair. She has authored a book on lasers and has been published in several magazines and books.

This course is designed to introduce the novice or potential laser user to the basic scientific principles, safety concerns, and the potential uses of a laser in dental hygiene as well as update the experienced laser user to new technologies.

Learning objectives:

Understand the fundamentals of laser physics, identify laser delivery systems and emission modes, and learn laser effects on tissue.

After attending "Lasers in Dentistry" participants will be ready to implement lasers into their practice on "Monday morning" A hands-on training session is included.

The Academy of Laser Dentistry (ALD) is a good standard for laser courses to take and they offer an optional written test.

For Registration email - info@infinitehygiene.com or Trina at 206-369-0933 Fee: \$975

Additional amount of \$275 if you wish to take the optional ALD exam (ALD fee is payable only to them and information for test registration will be provided after payment is received for course)

Checks for laser course can be made to: Infinite Hygiene Consulting

Course Location: Eagle Family Dental Center – 20302 77th Ave NE, Arlington, WA. 98223
