IHC - INFINITE HYGIENE CONSULTING
• DEIBA STATEMENT

DEIBA STATEMENT

At Infinite Hygiene Consulting (IHC), we are deeply committed to fostering a culture that values and promotes diversity, equity, inclusion, belonging, and access. We believe that embracing diverse perspectives and experiences strengthens our community and enhances our ability to serve our clients in the dental and professional development fields.

Diversity: We celebrate diversity in all forms and recognize the value that individuals from various backgrounds bring to our work. Our team and partners are committed to creating a welcoming environment that honors differences in race, ethnicity, gender, age, ability, socioeconomic background, sexual orientation, and other dimensions of identity.

Equity: We are dedicated to providing equitable opportunities and support to ensure that everyone has the resources and encouragement needed to succeed. We actively work to identify and address systemic barriers that may hinder the growth and success of our clients, partners, and team members.

Inclusion: At IHC, inclusion means that every voice is valued and respected. We foster an environment where all individuals feel encouraged to contribute and participate fully in our programs, services, and initiatives. Inclusion is at the heart of our work, ensuring a meaningful space for all.

Belonging: We strive to create a sense of belonging for everyone who interacts with IHC. We are committed to building a community where individuals feel they truly belong and are valued not only for their contributions but for who they are as individuals.

Access: We believe that our services, resources, and opportunities should be accessible to everyone. We actively work to remove barriers, whether they are physical, financial, or social, to ensure our programs and services are inclusive and available to all who seek to engage with us.

Through these principles, IHC aims to contribute to a more inclusive and just world, where everyone feels valued and empowered to reach their fullest potential. We are committed to continuous learning and growth in our DEIBA efforts and invite our community to join us in creating a culture of respect, equity, and shared success.
